

Resident Move-out Instructions

We know you will have a lot to keep track of during this transition, it is our hope that this guide will make it clearer and more organized for you to ensure your move out is as easy as possible.

We will perform move out evaluation after all your personal property has been removed and you have cleaned and returned the keys to the property to the management office. Rent will be charged until Real Property Management Premier receives keys and any garage door remotes - do NOT leave the keys at the property. **YOU WILL NOT BE ABLE TO RE-ENTER THE PROPERTY AFTER THE KEYS HAVE BEEN TURNED INTO THE OFFICE.**

If you vacate the property prior to the end of the lease term, you will still be responsible for the rent during the remaining term of the lease. However, we will do our best to try and lease the property.

Please fill out the information below and return to Real Property Management Premier as required by your lease agreement and to assist with a timely return of security deposit monies.

(This information can be entered on the tenant portal and banking information as well).
